Being a Player: Nonprofit Rules for Lobbying and Advocacy

Workshop Presented by Alliance for Justice

Tuesday, November 9, 2010

1:00 - 3:30 p.m.

YWCA Kansas City, Kansas

1017 North 6th Street, Kansas City, Kansas

Nonprofit organizations are looking to get involved in public policy as a way to influence programs and resources that aid poor and vulnerable residents in our communities.

Nonprofit 501(c)(3) organizations can and should engage in advocacy around their issues. It's simply a matter of understanding what your organization can and cannot do.

On Tuesday, November 9, the Alliance for Justice will present an interactive workshop on the federal rules that govern nonprofit lobbying and advocacy.

Topics will include definitions for grassroots and direct lobbying, how to calculate your organization's lobbying limits and report lobbying activities, and specific examples of allowable activities during election cycles.

Register by November 2.

Visit www.healthcare4kc.org to register today. Space is limited. For more information, contact Jessica Hembree at (816) 241-7006.
