per 1,000 Medicare enrollees

Adults who smoke

Adults who are obese

Auto crash deaths per 100,000

Sexually Transmitted Infections rate

Births to teen mothers per 1,000

Low birth-weight babies

Inadequate prenatal care per 100 births

KEY COUNTY CONCERNS:

The projected increase in the county's older population will likely strain the health care system.

Leavenworth County has fewer health care providers per capita than many counties, which may limit access to health care.

The county, like the nation, continues to see rising obesity rates.

More than one-fourth of the county's residents fall below 200 percent of the federal poverty level.
